

McNeal et al

✓

Watson et al

Case No: 3:21-cv-00341-DWD

Motion To Inform #1

Now come plaintiffs in this case informing this court of nefarious and illegal action against plaintiffs by defendants in this case.

- 1) Defendants have re-housed several plaintiffs in an obvious attempt to frustrate the continuity of this valid lawsuit. This is a tactic that is entrenched in the St. Clair County Jail which is used by the Jails Assistant Superintendent Captain Collins and Jails Housing officer Lt. Struberg to punish anyone who files litigation for civil rights violations, etc. at St. Clair County Jail.
- 2) Defendants recently moved main plaintiff Christopher McNeal from I-block where most of the plaintiffs still reside.
- 3) Several officers have been warning plaintiffs that Jail Assistant Superintendent Captain Shan Collins stated that he would be separating litigants who filed lawsuits in case numbers 20CH0327 (State) 3:21-cv-00142 DWD 21-CH-26 (State) for simply standing up for their civil rights plaintiffs. Will name officers when the court requires to keep Captain Shan Collins from dampening.
- 4) Officers have threatened Christopher McNeal to stop filing complaints and now refuse to give him complaint forms this stifling the detainee Grievance process. (Please see statements for officers names.)
- 5) In motion to Intervene, case No: 20-cv-00986 JPG vs Juan D. Adkins V. Richard Watson et al, plaintiffs identified correctional officer Sims and Internal Affairs officer

- Rodney Wilson as the persons responsible for holding, tampering, delaying, destroying, or opening detainees legal mail. motion was dated 1-3-2021 Due to plaintiffs having an abundance of complaints and evidence of correctional officer Sims nefarious acts in regard to legal mail he attempted suicide in early march 2021 and is in a medically induced coma due to self injuries of gunshot wound to the head.
- 6) internal affairs officer Rodney Wilson has recently attempted to blame missing and delayed mail on injured officer Sims when Jestine Myers asked him about missing mail, because officer Sim is now not in a position to call him an accomplice.
- 7) plaintiffs however have plenty of evidence that prove Internal Affairs officer rodney Wilson is the main mail culprit.
- 8) plaintiffs have written to postmaster General several times But mail seems to make it out of the Jail.
- 9) plaintiffs have to U.S. Attorney in fairview heights numerous times about heinous crimes at the Jail and have received no response. please alert them for us.

Plaintiffs pray this Honorable court will honor their motion.
